

particles::Observer

```
classDiagram
    class particles_Observer["particles::Observer"]
    class particles_RigidBodyTracker["particles::RigidBodyTracker<dim>"]
    particles_RigidBodyTracker --|> particles_Observer
```

The diagram illustrates a class hierarchy. At the top is a white rectangular box labeled 'particles::Observer'. Below it is a gray rectangular box labeled 'particles::RigidBodyTracker' followed by '< dim >' on the next line. A blue arrow points from the top of the gray box to the bottom of the white box, indicating that 'particles::RigidBodyTracker' inherits from 'particles::Observer'.
