

particles::Observer

```
classDiagram
    class particles__Observer
    class particles__RigidBodyTracker["particles::RigidBodyTracker< dim >"]
    particles__RigidBodyTracker --|> particles__Observer
```

A UML class diagram illustrating inheritance. The base class, `particles::Observer`, is shown in a white box at the top. The derived class, `particles::RigidBodyTracker` with a template parameter `< dim >`, is shown in a gray box at the bottom. A solid blue arrow points from the derived class box up to the base class box, indicating that `particles::RigidBodyTracker` inherits from `particles::Observer`.

particles::RigidBodyTracker
